

Scavenger Hunt on Online Submissions

Visit *Pediatrics* at <http://pediatrics.aappublications.org/>

Can you identify:

1. The file formats the system supports?
2. The steps for uploading and submitting your paper?
3. Registration requirements, if any?

Visit *Ethics* at <http://www.journals.uchicago.edu/ET/home.html>

Can you identify:

1. The average lag time for receiving a response?
2. How to contact the journal if you have a question?

Visit at least two journals you have researched as part of Module 2.

1. Do they support online submissions?
2. What file formats do they support?
3. What steps do you take to submit a file?
4. What additional support materials (e.g., downloadable style files) are available through the web site?
5. How do you contact the journal if you have a question regarding the online submission system?
6. How long can you expect to wait to receive a response on your online submission?
